

New for 2011 from Oxbow

Submerged Prehistory

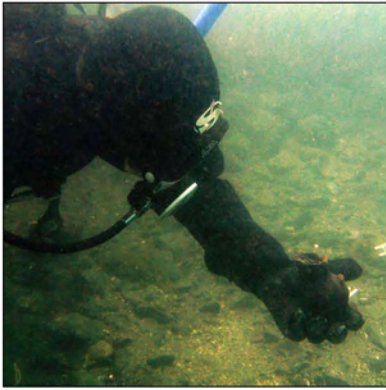

Edited by
Jonathan Benjamin
Clive Bonsall
Catriona Pickard
Anders Fischer

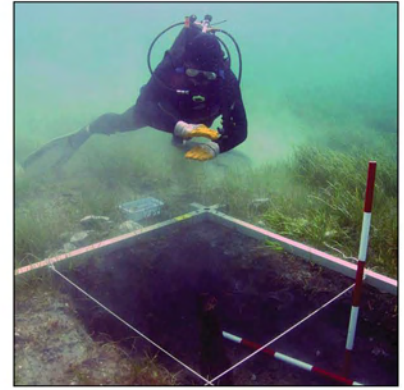

For the first time on a global scale, this volume highlights the extensive existence of submerged prehistoric sites and landscapes. The 25 peer-reviewed contributions from leading authors cover the results of recent research on three continents and the approaches and techniques applied to site discovery, investigation, and interpretation. 336p, col & b/w illus (Oxbow Books, 2011)
